- Ruskin College
- Solihull College
- Sparsholt College
- Swindon College
- Uxbridge College

Progress South Central is a partnership of universities and colleges working to develop and support progression for vocational students into and through higher education.

Our priority is to respond to the needs of current and potential students, and to work with employers to develop higher level learning opportunities for now and the future.

Our core partners are the University of Reading, Buckinghamshire New University, the University of Surrey and Oxford Brookes University, and their partner colleges.
